**COLONOSCOPY INSTRUCTIONS USING MOVIPREP**

Your gastroenterologist is to examine your large intestine (also called bowel or colon). To prepare for this procedure, known as a colonoscopy, the bowel must be totally empty and clean so that it can be examined thoroughly.

Please read all of the instructions ahead of time so you are adequately prepared for the procedure.

**PLEASE NOTE: ONCE YOU START MOVIPREP STAY CLOSE TO A TOILET AS YOU WILL EXPERIENCE INCREASINGLY WATERY STOOLS, THIS IS NORMAL, CONTINUE CONSUMING CLEAR FLUIDS (no food) until 6 hours before your procedure.**

When on CLEAR FLUIDS – the Allowed Liquids that are recommended are:

- Clear fluids include – water, black tea or coffee (NO Milk or non dairy creamer – skim milk is ok), clear soup, non carbonated soft drinks, sports drinks eg gatorade, cordial, strained fruit juice without pulp, clear apple juice, yellow or orange jelly (NO black current, any red, purple, green or blue drinks, including jelly), clear ice blocks.

**REMEMBER: YOU MUST NOT EAT OR DRINK ANYTHING FOR 6 HOURS BEFORE YOUR PROCEDURE**
COLONOSCOPY INSTRUCTIONS USING MOVIPREP

You are taking MOVIPREP to make your bowels clean so that they are ready for examination or surgery. MOVIPREP works by emptying the contents of your bowels, so you should expect to have watery bowel movements.

Inside the box of MOVIPREP there is a Patient Information Leaflet (PIL) which you should read. In addition to the PIL there are 2 identical clear bags. Each bag contains 1 sachet A and 1 sachet B making a total of 4 sachets. Following the instructions below, you will use all 4 sachets to complete your prep. **You must complete the entire prep to ensure the most effective cleansing as inadequate cleansing of your bowel will prevent thorough examination.**

It is important that you follow your physician’s instructions regarding consumption of clear liquids before your colonoscopy. Clear liquid recommendations are on reverse of this sheet and also appear on the Patient Information Leaflet in the box of MOVIPREP.
